

CONSTRUCTION SAFETY FORUM

*A Quarterly Program for BCA Members
Interested in More Effective Safety and
OSHA Compliance Practices For Their Companies*

Thursday, February 16, 2012

12:00 p.m. – BCA Office

Complimentary to Members – Lunch Provided

OSHA'S UPDATED CRANE REGULATIONS: *What you need to know to stay compliant.*

In November of 2010, OSHA updated its crane regulations for the construction industry. This has left many contractors asking questions about how the new rules apply to them and how to stay in compliance. This discussion will include an overview of the new regulations, how OSHA is enforcing them, and some time for questions and answers.

Updated Crane Regulations:
Applicability and Exemptions • Assembly/Disassembly • Working Near
Overhead Power Lines • Operator Certification • Qualified Rigger
Qualified Signalpersons • OSHA Enforcement

Presented by Chris Hall
Safety Resources, Inc.
