

The BCA Education Committee Invites You

DESIGNING FOR HOT-DIP GALVANIZING

DATE: Thursday, June 8, 2023

TIMES: 11:30 a.m. | Registration & Lunch Buffet
11:50 a.m. | Welcome & Presentation
Program Completion by 1:00 p.m.

PLACE: Ceruti's Summit Park | Summit Room
6601 Innovation Boulevard – Fort Wayne, IN

This *Designing for Hot-Dip Galvanizing* seminar, developed by the American Galvanizing Association, will assist you in the design and integration of corrosion protection in your next project. The course examines the hot-dip galvanizing process, ASTM specifications, design best practice, inspection, and preparing the galvanized surface for painting/powder coating. Hot-dip galvanized steel has been used successfully for more than 100 years to protect myriad applications from corrosion.

◆ **Attention Architects & Engineers** ◆

This course is pre-qualified to offer one hour of AIA and ACEC/RECP learning credits.

PRESENTED BY: Elaine DePalma, Sales Manager &
Jeff Jackson, Northeast Regional
Director of Sales

Serving the Growing Needs of Critical Infrastructure

For over 60 years, AZZ has been committed to developing comprehensive metal coating processes to address the challenge of aging infrastructure. Every day, over 2300 AZZ employees across North America work to extend the life and maximize performance of metal infrastructure, equipment, and components.

Reservations are requested by May 30 and may be made online through the link below or by calling the BCA at (260) 483-9596. Cancellation policy: Full credit will be given on cancellations received by May 30. After that date, substitute registrants are encouraged.

Reservation Fees:

- BCA Members: \$18 per person
- AIA Members: \$30 per person
- Nonmembers: \$49 per person
