

Introducing a New BCA Health Plan Designed to Help You Save

IN PARTNERSHIP WITH GIBSON AND ROUNDSTONE INSURANCE

Looking for a Better Alternative for Your Healthcare Benefits?

The BCA is on your side with a membership benefit for employers with 50-100 employees looking for a way to save on to employer-sponsored healthcare benefits. With a fully insured plan, health insurance costs are doubling every four years. Employers are left with few options for cost containment (and no data to see why their premiums continue to rise). Many choose the “merry-go-round” of switching insurance carriers every year or two, searching for a lower rate increase.

Gibson Insurance has partnered with Roundstone to bring BCA members a better alternative with a turn-key implementation, built-in cost containment solutions, and annual savings of up to 20% when compared to a fully insured plan.

Who Is Roundstone?

We're not your typical insurance company. Roundstone is a self-funded medical captive that provides a **better alternative to health insurance** for small and mid-sized organizations. Roundstone works with local and national insurance carriers that you already know to bring you coverage at a reduced price, with the flexibility to design your own plan.
