

WE ARE EXCITED TO BE OPEN IN FORT WAYNE

Since our inception in 1988, Interior Supply has been committed to a service-first philosophy when helping contractors, architects and designers meet their building material needs. During that time, we've raised the bar in a number of areas, from creating bids and purchase orders to delivering products and materials in a quick and timely manner. Through it all, we continue to ensure that the needs of our customers remain the number-one priority.

“Our philosophy at Interior Supply has always been one that ensures that our clients, our manufacturers, and our team have what they need to succeed – and it makes for a winning equation. And no matter where you fit into that equation, you know that Interior Supply is there for you. It makes working with us a better experience.”

Bob Pickard, President
